

# ФАРМАЦЕВТИЧЕН ФАКУЛТЕТ МЕДИЦИНСКИ УНИВЕРСИТЕТ - СОФИЯ

## КАТЕДРА ПО ФАРМАЦЕВТИЧНА ХИМИЯ

ул. Дунав №2, 1000 София; Тел./Факс: 02 9236 505; e-mail: azlatkov@pharmfac.mu-sofia.bg

### DRUGS INCLUDED IN THE COLLOQUIUM IN PHARMACEUTICAL CHEMISTRY FOR TRAINEES –2021 / 2022 г.

Approved by Protokol of Department  
Council  
№ 4 / 28.04.2022 г.

Head of the Department of  
Pharmaceutical Chemistry:

(prof. Al. Zlatkov, DSc)

МУ - СОФИЯ  
ФАРМАЦЕВТИЧЕН ФАКУЛТЕТ  
КАТЕДРА ПО ФАРМАЦЕВТИЧНА  
ХИМИЯ

- |                                   |                             |
|-----------------------------------|-----------------------------|
| 1. Acarboze (Glucobay)            | 31. Molnupiravir            |
| 2. Aceclofenac                    | 32. Moroxydine (Virusmin)   |
| 3. Amisulpride                    | 33. Moxonidine              |
| 4. Apixaban (Eliquis)             | 34. Nilotinib               |
| 5. Benzydamine (Tantum)           | 35. Nilvadipine             |
| 6. Brinzolamide                   | 36. Oxaprozin               |
| 7. Cetirizine (Zirtek)            | 37. Paroxetine              |
| 8. Ciclesonide                    | 38. Paxlovid                |
| 9. Dabigatran etexilate (Praxada) | 39. Pizotifen (Sandomigran) |
| 10. Esomeprazole                  | 40. Pranoprofen             |
| 11. Emedastine                    | 41. Pramipexole             |
| 12. Eprosartan (Teveten)          | 42. Quetiapine              |
| 13. Etifoxine                     | 43. Racecadotril            |
| 14. Flecainide                    | 44. Remdesivir              |
| 15. Flucytosine (Ancotil)         | 45. Repaglinide (Novonorm)  |
| 16. Flutamide (Flutan)            | 46. Rilmenidipine           |
| 17. Flutrimazole (Micetal)        | 47. Rivaroxaban             |
| 18. Fosinopril                    | 48. Sofosbuvir              |
| 19. Fusidic acid (Fucidin)        | 49. Spirapril               |
| 20. Gliclazide                    | 50. Stavudine               |
| 21. Ivabradine                    | 51. Sumatriptan (Imitrex)   |
| 22. Lansoprasol                   | 52. Tianeptine (Coacsil)    |
| 23. Lercanidipine (Renovia)       | 53. Ticagrelor              |
| 24. Levobunolol                   | 54. Tranlycypromine         |
| 25. Levocabastine (Livostin)      | 55. Troglitazone            |
| 26. Liraglutide                   | 56. Tropisetron (Navoban)   |
| 27. Lodoxamide                    | 57. Venlafaxine             |
| 28. Midecamycin                   | 58. Vildagliptin            |
| 29. Mitoxantrone (Novantrone)     | 59. Zanamavir (Relenza)     |
| 30. Mebeverine                    | 60. Zafirlukast (Accolate)  |

NECESSARY KNOWLEDGE AND REQUIREMENTS: chemical structure, chemical name, physical and chemical properties, storing conditions, pharmacological group, important drug interactions (where present). The drugs must be classified in a notebook, with which the trainees report on the colloquium.
