

## **Post practical colloquium**

### **PHARMACOLOGY 2022**

Every student should present hand-written thesis about both topics.

The thesis should be constructed as follows:

1. Classification
2. Pharmacodynamics
3. Pharmacokinetics
4. Indications
5. Adverse drug reactions
6. Contraindications

Students` knowledge on the corresponding topics will be checked by their assistant professors via short oral examination.

Group	Topics
1	1. Antihypertensive drugs 2. Macrolides & Tetracyclines
2	1. Antiasthmatic drugs 2. Corticosteroids
3	1. NSAIDs 2. Beta-lactam antibiotics
